

SEBASTIAN INLET COMMONLY CAUGHT FISH SPECIES

5. STRICTLY
HELLS, GLASS
AND CASTING
OBJECTS AT VESSELS
PROHIBITED.

What better way to immortalize your prize catch than by including it in a compendium of fish species commonly caught at the legendary Sebastian Inlet? Anglers whose photos are used for this list receive a hardcover copy of "100 Years at Sebastian Inlet." We still have a few slots to fill (we're using placeholders), so send us your photos at www.sitd.us/contact-us

Species Index

- African pompano
- Barracuda
- Bermuda chub
- Black drum
- Black margate
- Black mullet*
- Bluefish
- Blue runner
- Bonnethead shark
- Cobia
- Crevalle jack
- Cubera snapper
- Dog snapper
- Gafftopsail catfish
- Guaguanche *
- Gulf flounder
- Lookdown
- Lane Snapper
- Mangrove snapper
- Mojarra*
- Mutton snapper
- Nurse shark
- Palometa
- Permit
- Pompano
- Redfish
- Red grouper
- Sand perch
- Schoolmaster snapper
- Sheepshead
- Snook
- Southern flounder
- Spanish mackerel
- Spot croaker*
- Spotted seatrout
- Tarpon
- Tripletail
- Whiting
- * We need your photos

African pompano (*Alectis ciliaris*) – pilchard, sardines, herring, small jigs

Barracuda (*Sphyraena barracuda*) – Larger bait, sometimes artificial

Bermuda chub (*Kyphosus sectatrix*) – Use a light spinner, a small hook and a tiny piece of bait – photo by Ray Zaballa

Black drum (*Pogonias cromis*) – Clams, shrimp, crab, sand fleas

Black margate (*Anisotremus surinamensis*) – Shrimp, squid or cut bait

Black mullet (*Mugil cephalus*) — Caught mostly by cast netting * Send us your photo and receive a free SID history book!

Bluefish (*Pomatomus saltatrix*) — Live and dead bait, all types of artificials

Blue runner (*Caranx crysos*)
— Small live and dead bait,
small artificial bait

Bonnethead shark (*Sphyrna tiburo*) — crab, shrimp, mollusk. Photo submitted by Gretchen Barota (left) and Shanon Parker.

Cobia (*Rachycentron canadum*) — Live bait, artificials, sometimes dead bait. Photo submitted by Jamie Richards

Crevalle jack (*caranx crysos*) — Most all baits, most all artificials

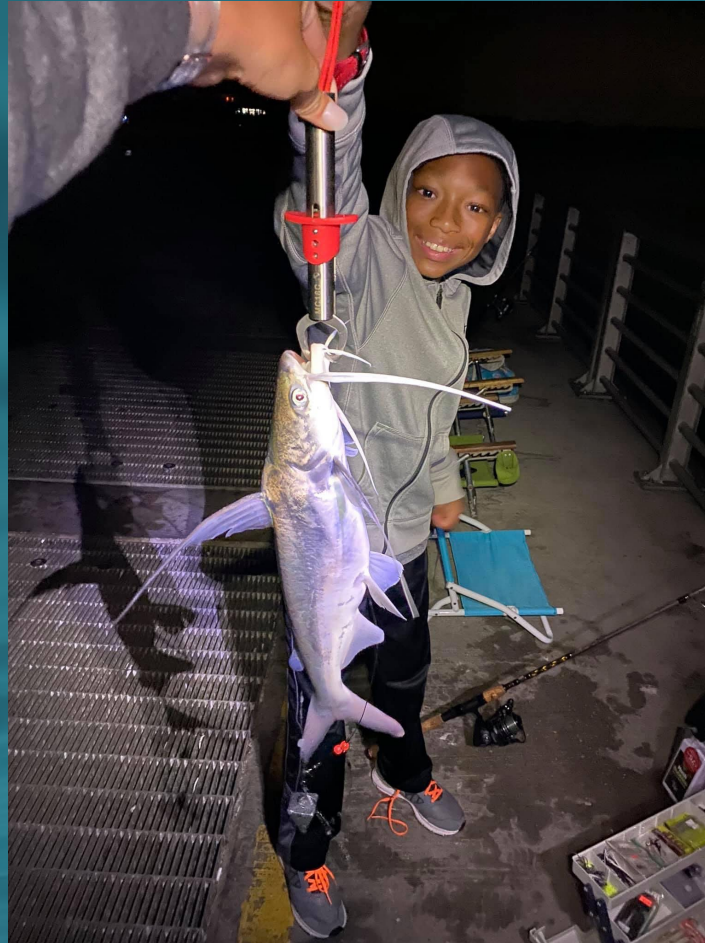

Cubera snapper (*Lutjanus cyanopterus*) — crustaceans, primarily lobster. Photo submitted by Mike Gerlach

Dog snapper (*Lutjanus jocu*) — live baits, jigs, spoons, feathers, plugs, or pork ring. Photo submitted by Gage T Pollard

Gafftopsail catfish (*Bargre marinus*) — live baits, crabs, shrimp prawns, crustaceans. Photo submitted by Gretchen Barota

Gulf flounder (*paralichthys albigutta*) — small live fish,
live shrimp

Lookdown (*Selene vomer*) — Live shrimp, live pilchards, small artificials

Lane snapper (*Lutjanus synagris*) — smaller fish, shrimp, crabs. Photo submitted by Annette Rutkowski

Mangrove snapper (*Lutjanus griseus*) — small live fish,
live shrimp

Mojarra (Gerreidae) — small live fish, snails, crustaceans

Mutton snapper (*Lutjanus analis*) — squid, ballyhoo, crabs, shrimp — *photo contribution from Justin Collett, Melbourne*

Nurse shark (*Ginglymostoma cirratum*) — squid, stingray, crab, sea urchins — *photo contribution from Natalie Neuman-Kasper*

Palometa (*Trachinotus goodei*) — Sand fleas, clams, shrimp

Permit (*Trachinotus falcatus*) — Live crabs, live shrimp, sand fleas, clams

Pompano (*Trachinotus carolinus*) — sand fleas, clams, shrimp

Red drum/redfish (*Sciaeops ocellatus*) — live and dead bait, artificial bait

Red grouper (*Epinephelus morio*) — small live pinfish, fresh, cut bait, frozen sardines

Sand Perch (*Diplectrum formosum*) — Benthic crustaceans, including shrimps, crabs, and amphipods, as well as small fishes such as small sea bass.

Schoolmaster snapper (*Lutjanus apodus*) — live shrimp, cut shrimp, cut bait and baitfish

Sheepshead (*Archosargus probatocephalus*) — Sand fleas, crab, clam, shrimp

Snook (*Centropomus undecimalis*) — Live baits, artificials

Southern flounder (*Paralichthys lethostigma*) — Small live fish, live shrimp

Spanish mackerel (*Scomberomorus maculatus*) — Small live bait, small artificials

Spot croaker (*leiostomus xanthurus*) — clams, shrimp,
sand fleas

*Send in your fish photo and receive a book!

Spotted seatrout (*Cynoscion nebulosus*) — live bait,
artificial bait

***Send in your fish photo and receive a book!**

Tarpon (*Megalops atlantica*) — Live baits, artificials

* Send in your fish photo and receive a book!

Tripletail (*Lobotes surinamensis*) – shrimp, crab, small fish.
Photo submitted by Carl Faber

Whiting (*Mentricirrhus littoralis*) — Shrimp, clams, sand fleas *(We'd like a better photo of this fish, so if you send us one, you'll receive a book)

A big Thank You to former Sebastian Inlet State Park Ranger Ed Perry for compiling the lion's share of this species list.
